Summary

4th-year B.Tech. Computer Science and Engineering student at Central University of Haryana with experience in full-stack development. Completed internships at IIT Jammu and the University of Delhi, working with React, Django, and PostgreSQL. Skilled in building scalable web applications, collaborating in agile teams, and contributing to end-to-end development.

Education

B. Tech. (Computer Science and Engineering)

Expected 2026

Central University of Haryana, Haryana.

All India Senior Secondary School Certificate Examinations (CBSE)

2022

Dr. V.S.E.C., Kanpur

Experience

Internship

Software Developer Intern - IIT Jammu

July 2024 - August 2024

- Developed core features for an intern hiring portal 'InternHub' using React and Django.
- Integrated RESTful APIs and optimized database queries using PostgreSQL.
- Enhanced UI components and improved user navigation for a better interactive experience.

Full Stack Developer Intern - University of Delhi

July 2023 - December 2023

- Built a research software directory platform integrating Django backend and PostgreSQL for efficient data retrieval under the guidance of Dr. Asani Bhaduri, Assistant Professor, Cluster Innovation Centre.
- Implemented responsive, accessible UI using React improving usability and search accuracy.

Projects

Portfolio

Developed a personal portfolio website to showcase skills, projects, and professional background. Built with Vite for fast development, React for dynamic components, and Tailwind CSS for responsive, modern UI. ([Github Link](#)) ([Vercel Link](#))

Task Manager

A full-stack Task Manager app with a clean, responsive UI for creating, updating, and deleting tasks. Deployed on Vercel (frontend) and Render (backend). ([Github link](#)) ([Vercel Link](#))

News Website

A dynamic website which fetches news from a public inshorts API and displays it on the UI as per the category selected by the user ([Github link](#)) ([Vercel Link](#))

Technical Skills

Languages	Python, JavaScript, TypeScript
Frontend	ReactJS, NextJS, TailwindCSS
Backend	Django, FastAPI, NodeJS, Rest APIs
Databases	PostgreSQL, MongoDB, SQL
Tools & Platform	Vite, Postman, Git, Vercel, Render
Machine Learning	Numpy, Pandas, Scikit-learn

Achievements

● 4th Rank, IWMI Innovation Challenge

Developed an application under the circular bio-economy theme for efficient collection of agricultural waste.

● 1st School Rank, International Mathematics Olympiad.

Scored 5304 International Rank and 482 Zonal Rank in International Mathematics Olympiad, 1st rank in school.
